

auralis

Illuminate your Ritual

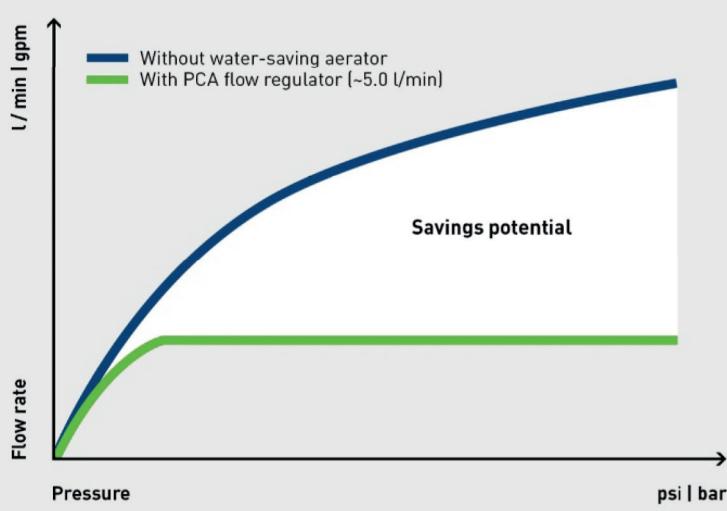

ABOUT US

Auralis was born from a desire to transform bathing into a luxurious experience. Inspired by the ethereal beauty of auroras and the harmony of nature, we craft luxurious bath products that nourish the body and elevate the senses.

Our name, Auralis, reflects the luminous essence of an aurora—a gentle radiance that transforms the ordinary into the extraordinary. This philosophy guides us to create products that infuse every bath with indulgence, leaving you feeling as radiant and serene as the celestial skies. Step into a realm of serenity and sophistication.

In a world where everyday routines often overshadow moments of true self-care, auralis was born to bring a touch of celestial luxury to your bathing experience. Inspired by the ethereal glow of the auroras and the natural harmony of Earth's elements, auralis creates a sanctuary where the cosmos and nature unite to rejuvenate your mind and body.

Faucets with smart water-saving aerotars

Taking forward the water saving concept, faucets manufactured at Auralis use faucets with smart water-saving aerators, blending innovation with sustainability. These aerators optimize water flow, reducing wastage without compromising pressure. Designed for modern living, they enhance efficiency while maintaining luxury. Auralis' commitment to eco-friendly solutions ensures style, performance, and conservation, making every drop count in responsible water usage.

DESIGNED TO PERFORM

Craftsmanship and Innovation from concept to creation, every Auralis faucet embodies the perfect balance of form and function. We blend cutting-edge technology with meticulous craftsmanship to ensure each faucet not only meets but exceeds expectations in durability, performance and style.

Single lever handle offer precise control of water temperature and volume

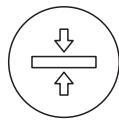

High tech cartridges to ensure smooth and precise movement

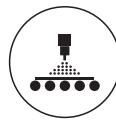

Aerator flow technology that makes the water flow smooth and more softer

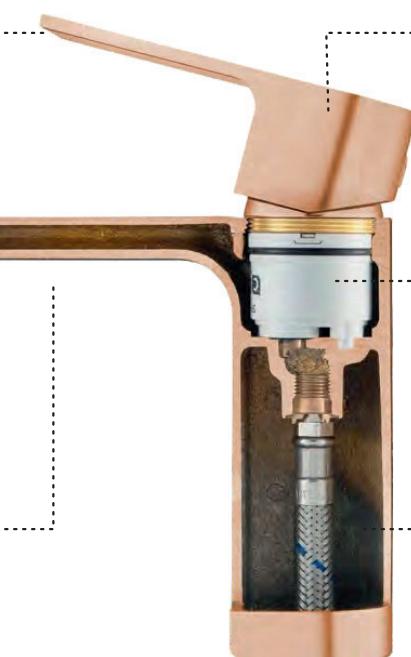

Long Life cartridges tested for 5 Lakh cycles

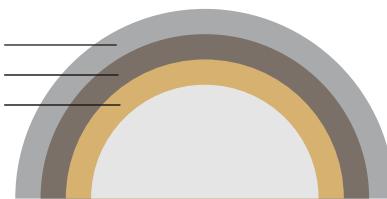

Uniform wall thickness for uninterrupted flow

Hi- quality brass
